

# REGISTRATION INFORMATION

## Season 2017

### Requirement for Training Uniform

- In addition to the match day uniform (1 x home shorts, 1 x away shorts and 1 x socks), a Caulfield Bears Training Top must also be purchased and worn to all training sessions.
- If you already have a Caulfield Bears training top from a prior season or purchased your CBJFC jumper at the end of season 2016, these may be worn for training.
- During the on-line registration process you will be given the option to purchase a new training top for \$20. These will be available for collection in March once pre season training begins at our season launch day in late February or once your pre-season training begins.

### Team Allocations

- A CBJFC team selection sub-committee will make the formal recommendations to the Executive Team on the number of teams to field in each age group and the players allocated into these teams.
- Each player is able to nominate up to four friends that they would like to play with during the season, and the club will guarantee that at least one of these nominations will be met. To make your nominations, please email them to [registrations@caulfieldbears.com.au](mailto:registrations@caulfieldbears.com.au) once you have completed the registration process..
- Players are not allocated into teams until the team allocation date (date likely to be two weeks before the first round).
- During pre-season, all players train together in their age group, rather than in isolated groups based on the previous year's teams.
- Registrations received after team allocation date cannot be guaranteed.
- If more than one team needs to be formed in an age group, this will be done based on criteria outlined in the team selection policy.
- If it is not possible to form a complete team in an age group, a composite team will be formed across two adjacent age groups taking into account the criteria outlined in the team selection policy.
- A formal dispute process is outlined in the team selection policy if you are not satisfied with your child's team allocation. However, the Executive decision is final and the Club retains an absolute discretion to place players within a particular team in an age group.
